I'm using it because I want to learn, not to keep a streak up, collect hearts and gems, or reach the top of the leaderboard. I sincerely find RS to be challenging, especially when it comes to the conversation exercises. I hate them - I hate speaking because I'm awkward and clumsy - but they work. Rosetta Stone taught me more in a week than DuoLingo taught me in the one year I used it. At

So I picked up a copy of the then-free Learn Python the Hard Way PDF and started trying to work through it. The first wall I hit was getting Python set up on my own system. Especially at that time, most of the instructions on how to do that were written for experienced programmers, and it took me forever to slog through it all.

.
