The South Side is an area of Chicago.It is the largest of the three Sides of the city that radiate from downtown—the others being the North Side and the West Side.. Much of the South Side came from the city's annexation of townships such as Hyde Park. The city's "sides" have historically been divided by the Chicago River and its branches. The South Side of Chicago was originally defined as ...

ThoughtCo/Helen South. Begin by adding a bit of rough shading to indicate the shadows. In this example, the light is coming from top-left, making the lower right side slightly darker. There are also shadows under the dog's ears. You don't want to shade everything in the drawing. Instead, "reserve" or leave some parts of the paper unshaded. This ...

This idea was elsewhere expressed in a portrait of Dudley Carter, an engineer who returned to a pure expression of plastics, using only primitive materials and implements, such as a hand axe. I also painted a portrait of my wife Frida, a Mexican artist of European extraction, looking to the native traditions for her inspiration. Frida represented the vitality of these traditions in the South ...
